

Moran Kellyville is well located in the heart of the Hills Shire and will provide much needed aged care and employment opportunities for residents of North West Sydney.

Located at 35 Goodison Street, Kellyville, in close proximity to residential, recreational and social venues, Moran Kellyville has excellent transport links and ample off street parking for both visitors and staff making it easily accessible to all.

Moran Kellyville is a \$35 million development which when open, will provide over 200 ongoing employment opportunities for the local community. Recruitment will include but not be limited to Registered Nurses, Assistants in Nursing, Food Service Assistants, Chefs, Cleaners, Business Support Staff, Recreation Activity Officers and Maintenance Staff.

Who We Are

Moran Health Care Group is a family business built on care. We have been serving Australia's senior population for more than six decades, combining our experience and innovation to provide the best aged care environment possible. Moran Kellyville will be the fourth home in our portfolio with another new build, Moran Belconnen, opening in 2019.

We have a professional, highly trained team providing round the clock care, 365 days a year in an environment that is specifically built for seniors. Our innovative homes and care model allow us to provide ageing in place for residents.

At Moran we aim to help residents do the things they enjoy; to feel included and retain as much freedom of choice, independence and control as possible. Moran homes offer a great mix of lifestyle and leisure activities designed for residents' stimulation and enjoyment.

Accommodation

Accommodation will be available for 120 residents across 2 levels with spacious ensuite rooms. Couples can be accommodated in adjoining rooms. Dedicated resident spaces will be beautifully appointed with a blend of modern and antique furnishings and art. Residents have access to outdoor balconies, terraces and extensive landscaped secure gardens.
